**\* If you already have digital photography of your artwork and can create a CD or disk:**

Copy your choice(s) of art onto a CD in jpeg format. You can identify your art one of the following ways:

1. Supply a print out of each artwork and put a number on it that refers to the picture number (#1-10) on the application form so we can match the proper title with each piece of art.
2. Write the artwork jpeg name in parenthesis after the actual title of your art on the application form. Be sure to write your name on the CD you give us.

**If you already have digital photography of your artwork and cannot create a CD or disk:**

You can e-mail your artwork to a photo service center (such as at Walmart.com, cost under \$3.00) and they will transfer your art onto a CD and either mail it to you or deliver it to the store nearest to you so you can pick it up.

**If you have non-digital photography or slides of your artwork**

You can take the non-digital photographs of your art to a photo department (such as the one in WalMart) to scan them, save them in jpeg format and copy them onto a CD. Any photo department will have personnel to help you.
